OCT 1 7 1986

Mr. Robert Van Horn Executive Director Pollution Control Industries of America P.O. Box 587158 Alisp, Illinois 60658

Dear Mr. Van Horn:

We are in receipt of your October 8, 1986 / letter to Jack Coakley, of my staff, with an attached notification of hazardous waste activity.

We are returning the notification to you because we are unable to assign an identification number as requested. The Environmental Protection Agency (EPA) identification numbers are size specific and only one number is assigned to a site. An identification number (MOD980633044) is presently assigned to PCB Inc. of Missouri at the 2100 Wyandotte location. We note, by your letterhead, that PCB Inc. of Missouri is a Division of Pollution Control Industries of America.

The hazardous waste activity checked on the notification was "Treater/Storer/Disposer." The activity of treatment, storage or disposal (TSD) requires a Resource Conservation and Recovery Act (RCRA) permit. In order to engage in TSD activity at this site it would be necessary to file a full Part B permit application and receive a permit prior to construction.

At such time as an unregulated waste becomes subject to RCRA requirements it is possible for an existing facility which manages that waste to obtain interim status to function as a TSD under interim status until a permit can be issued. We are not aware of any options to obtain interim status at this time.

If you have any questions on this, you may call Jack Coakley at 913-236-2852.

Sincerely yours,

Chet McLaughlin Chief, State Programs Section RCRA Branch Waste Management Division

R00010323 RCRA Records Center

## Pollution Control Industries of America

Mr. Jack Coakley Environmental Protection Agency 726 Minnesota Ave. Kansas City, KS. 66101

Dear Mr. Coakley,

On this date we received Missouri Hazardous Waste Number 04995. The application for the Federal EPA number was misplaced by the state.

We are, therefore, as per your instruction requesting a federal number directly from you and also asking that the application be expedited.

Thank you for your help in this matter.

Sincerely,

Robert Van Horn Executive Director

I obert Von Horn

RVH/eq
